### **REQUIREMENTS FOR ELECTRIC SERVICE:**

1. Electric Service will not be connected unless this form is accompanied by a wiring permit.
2. Diagram of Electric Service(s) and meter location(s) for Multi-Unit buildings.
3. Security deposit for new customers.
4. Billing addresses (Electric Contractor is required to give multi-unit addresses or apartment Number's to the Watertown Municipal Utilities Department prior to energizing permanent service).
5. Lot must be to grade, route unobstructed and meter socket installed.
6. A fully completed customer information sheet is required and failure to comply or meet these requirements may result in delay of the Electric Service. The Municipal Utilities reserves the right to enforce any or all of these requirements.
